Dear Aubree:

Thank you for mentoring Krystin Nelligan and McKenna Kosciolek in the 28th annual University Undergraduate Research and Arts Forum (UURAF). Over 1100 students and 700 mentors participated in this year's symposium. It was an impressive display of student scholarship and talent.

The number of faculty and students engaged in undergraduate research and creative activities continues to increase annually. Events like UURAF would not be possible without the support and guidance from dedicated mentors who work with our undergraduate students and value the importance of undergraduate research in the academic experience.

Thank you for supporting undergraduate research at MSU and for helping to make UURAF 2026 a success.

Sincerely,

Mark Largent, Ph.D.
Vice Provost & Dean of Undergraduate Education

Brian Keas, Ph.D.
Director of Undergraduate Research
